**ANNOUNCING - MOMENTUM DIETARY VERSION 7.0!**

It is with great pleasure and gratitude that we announce the General Availability of Momentum Dietary Version 7.0.

A tremendous debt of gratitude to our extremely loyal customer base, and special thanks to our dedicated group of Dietary Professionals. My staff has taken an already world-class software application, and incorporated dozens of features and enhancements. These enhancements were built with the view to add more and more value to our current customers – and to continue to promote the benefits of doing business with us to future clients.

Thank you again to all of those involved in this incredible project. I encourage customers to quickly upgrade to realize the value associated with this product. I also encourage prospects and partners to give us a call and ask how we can assist in your Dietary Management needs!

Kind Regards,

Garth Smith – President
